

From: Univ.-Prof. Dr. Jürgen Bajorath
Chair of Life Science Informatics, B-IT
LIMES Unit Chem. Biol. & Med. Chem.
University of Bonn

It is with great sadness comprehending the terrible news concerning the untimely passing of Prof. Jiang, of Hualiang; a tragedy. We had known each other for long, for a decade as editorial colleagues and as long-time proponents of computational approaches in medicinal chemistry. A void is left forever. My heartfelt best wishes go to his family and close friends. Please, accept my sincere condolences.

Jürgen Bajorath
